

6th November 2020

Dissolution of the Federation of Mill Hill Primary School and Woodcroft Primary School

Further to our consultation letter of 13th October 2020 regarding our proposal for the Dissolution of the Federation, the consultation part of the process is now complete. No concerns were raised and an Extraordinary Governing Body meeting was held on the 3rd November. The governors voted unanimously to dissolve the Federation with effect from midnight on the 3rd January 2021.

The process of dissolution, as described in our previous consultation letter, will now continue.

How can I help?

Each school now needs more governors. There are a number of governors who will stay on the board for each school, which will support the transition period and beyond, but there are still vacancies. If you feel you would like to join the board of either school, please contact us using the email address below, and we can arrange to speak with you so that you can find out more about the role and the free training and support that is available.

The Federation Governing Body will continue with its regular roles and responsibilities until the 3rd January 2021, when the new governing bodies will take over.

Please contact us by email on: federation@millhillandwoodcroft.co.uk or contact the school office directly to discuss further.
