

PE and Sports Premium Funding – Mill Hill Primary School

What is the PE and Sport Premium Funding? In September 2013 the Government launched the PE and Sport Funding which was initially for a two year period but has now been extended. The aim of this money is to fund improvements to the provision of PE and sport, for the benefit of pupils aged over 5 and under 11 years of age, so that pupils develop healthy lifestyles. We have allocated our PE and Sport Funding to engage all pupils at lunchtimes, provide further opportunities for children to take part in competitive sports, support the learning and lifestyles of pupils from disadvantaged backgrounds, whilst further developing staff expertise and confidence teaching PE lessons. This enhances our own specialist provision.

In the 2016-2017 financial year, the school received £8,500

How have we used the money?

Objective	Strategies	Impact (so far ~ updated November 2016)
To continue to improve the quality of the school PE curriculum	Continued employment of a sports coach to ensure there is a progression of skills throughout the school. PE co-ordinator and sport coach to develop a whole school plan for curriculum coverage. With all year groups working on similar skills at the same time.	Children receiving full coverage of progressive PE skills, in line with new curriculum (including swimming although not paid for through SPF). Timetable of PE and sport coverage has been developed to be applied half termly e.g. Autumn 1 Netball, Autumn 2 Hockey etc. These games are now set up during play/lunchtime and pupils are engaging at a much higher rate.

	Gymnastic scheme bought in and delivered by PE co-ordinator to enhance the curriculum and ensure that this area was being delivered in a higher quality way. Trialled in one year group.	Pupils participating in gymnastics lessons as part of the trial (British Gymnastics Association resources) all achieved level 8 proficiency over one term. This resource covers at least NC expectations.
To improve the quality of PE teaching throughout the school	For each teacher to work with the sports coach– frequency depending on experience Identified teachers to plan, observe and team teach with the sports coach	NQTs have spent time with the sports coach with a key focus on skills development and lesson content delivery. PE lessons observed to be at least good the majority of the time. Where lessons are not at least good this has been identified and actions taken to remove barriers to learning e.g. splitting large classes or providing additional adult support.
To improve behaviour for learning/engagement in PE lessons to ensure fair access for all.	Groupings have been reassessed at key points during the year. Groupings allow different teaching arrangements for the class teacher and sports coach. Sports coach providing play/lunch clubs.	Behaviour incidents have significantly reduced during PE lessons. Coach developing whole school teaching approaches and pupils responding to ‘external’ teachers in a more positive way.
To provide a range of extracurricular activities for the children	Employ PE specialists to run lunchtime and after school clubs Pupil voice to decide a new club that we be available after school	Lunchtime clubs on Monday, Tuesday and Friday. Football: club on a Tuesday Multi-sports: club on a Friday <i>*commitment to previous clubs has not been as consistent for many individuals. This is currently being addressed to ensure good value for money. Clubs are currently provided free of charge.</i>

Sports coach = £7160.00 p/a

Gymnastics scheme and teacher time = £1050.00

Release for teachers for training = £492.00

Actual spend (exclusive of swimming costs) = £8702.00
